Introducer(s):

Public Health Committee

Title: AN ACT CONCERNING PESTICIDE APPLICATIONS AT CHILD DAY CARE FACILITIES.

Statement of Purpose: To provide that only a certified pesticide applicator may apply pesticide within a day care center, group day care home or family day care home, with an exemption for emergency applications, to expand the ban on pesticides on the grounds of day care facilities to include family day cares where the licensee has ownership or control over the grounds, and to require that the licensee notify parents when pesticide is applied pursuant to this section.
